

Basic Fall Arrest Training

Essential fall arrest training for workers using aerial lifts and order picker forklifts.

A short, practical course delivered at your site, on your schedule.

Why train with PWST

- Delivered at your workplace, using the equipment your workers use.
- Short session that pairs well with MEWP or forklift training on the same day.
- Scheduled around your operation: days, evenings, midnights or weekends.
- Digital diploma and wallet-size certificate issued for every successful participant.
- Covers the fall arrest requirements of Part 14 (Fall Protection) of the Manitoba Workplace Safety and Health Regulation.

What your workers learn

- Workplace safety and health requirements
- Risk evaluation and job hazard analysis
- Safe work procedures and control measures
- Surface protection
- Fall arrest systems and how to use them properly on aerial lifts, self-elevating work platforms and order pickers

Course at a glance

LENGTH

Approximately 2 to 3 hours.

CERTIFICATION

Valid for 3 years.

WHO IT IS FOR

Workers using aerial lifts, self-elevating work platforms or order picker forklifts.

GROUP SIZE

Up to 16 people per session. 6-person minimum charge.

WHERE

Winnipeg, Brandon, Steinbach, Thompson, Kenora and surrounding areas, and across Manitoba, Northwestern Ontario and Eastern Saskatchewan.

Please note

This is not a full Fall Protection or Working at Heights course. Ask us about our Fall Protection course if your crew needs it.

Group rates available. Call for a quote.
