

Bucket Truck Operator Training & Certification

Onsite training that builds safe, competent and confident operators.

We come to you. Your operators train on your own bucket trucks, at your site, on your schedule.

Why train with PWST

- Delivered at your workplace, on the equipment and systems your people actually use.
- Scheduled around your operation: days, evenings, midnights or weekends.
- Training is delivered onsite and tailored to your equipment, work environment and operating expectations.
- Digital diploma and wallet-size certificate issued for every successful participant.
- Training meets the operator training requirements of the Manitoba Workplace Safety and Health Regulation.

What your operators learn

- Bucket truck components, design and stability
- Operating controls, data plates, decals and manuals
- Setup, outriggers and safe operating fundamentals
- Pre-start inspections and safe fuelling
- Handling emergencies
- Workplace safety and health legislation
- Hands-on evaluation and competency test

Course at a glance
