

Excavator Operator Training & Certification

Onsite training that builds safe, competent and confident operators.

We come to you. Your operators train on your own excavators, at your site, on your schedule.

Why train with PWST

- Delivered at your workplace, on the equipment your operators actually use.
- Scheduled around your operation: days, evenings, midnights or weekends.
- Tailored to your equipment, work environment and operating expectations.
- Digital diploma and wallet-size certificate issued for every successful operator.
- Meets the operator training requirements of Part 22 (Powered Mobile Equipment) of the Manitoba Workplace Safety and Health Regulation.

What your operators learn

- Safe operating fundamentals and controls
- Reading data and capacity plates
- Attachments and load handling
- Pre-shift inspections and safe fuelling
- Handling emergencies
- Workplace safety and health legislation
- Hands-on operating evaluation and competency test

Course at a glance

LENGTH

Approximately 4 to 6 hours, depending on experience.

CERTIFICATION

Valid for 3 years.

WHO IT IS FOR

Workers who operate excavators and need documented operator training and evaluation.

GROUP SIZE

Up to 16 people per session. 4-person minimum charge for onsite training.

WHERE

Winnipeg, Brandon, Steinbach, Thompson, Kenora and surrounding areas, and across Manitoba, Northwestern Ontario and Eastern Saskatchewan.

New to excavators?

Operators with less than 8 hours of operating time should start with our Novice Operator Course, which adds a full day of supervised practice.

Group rates available. Call for a quote.
