

Excavator Train the Trainer

For companies that want to train and evaluate their own excavator operators in-house.

Your trainer leaves with the materials, the method and our ongoing support.

Why train with PWST

- Train and evaluate your own people in-house, on your schedule.
- Training materials included on USB: employee training manuals, test booklets and certificate templates.
- No additional cost for employee training materials.
- Ongoing support from PWST whenever your trainer needs it.
- Taught to your company's equipment, procedures and requirements.

What your trainer learns

- Excavator components, controls and characteristics
- Data and capacity charts
- Safety equipment and proper fuel handling
- Fundamentals of operation, load handling and attachments
- Pre-shift inspections and handling emergencies
- Workplace safety and health legislation
- How to present the material and evaluate your employees

Course at a glance

LENGTH

Approximately 2 days, depending on trainer experience and knowledge.

CERTIFICATION

Train the Trainer certificates do not expire.

WHO IT IS FOR

Supervisors, leads, safety personnel or experienced operators responsible for in-house training and evaluations.
