

Forklift Practical Training & Evaluation

For operators who have completed theory training and need the hands-on evaluation.

Onsite, on your forklifts, under your normal operating conditions.

Why train with PWST

- The ideal follow-up to online or theory-only forklift training.
- Done at your workplace, on your equipment and the tasks your operators perform.
- Quick: about 15 to 30 minutes per person, per forklift type.
- Scheduled around your operation: days, evenings, midnights or weekends.
- Digital diploma and certificate for every successful operator.
- Provides the hands-on competency evaluation expected under Part 22 of the Manitoba Workplace Safety and Health Regulation.

What is included

- Review of pre-shift inspection requirements
- Practical instruction on the forklift type being used
- Evaluation on the tasks expected under normal workplace conditions
- Site-specific assessment using your company equipment
- Documented operator testing and competency verification

Course at a glance

LENGTH

Approximately 15 to 30 minutes per person, per forklift type.

CERTIFICATION

Valid for 3 years.

WHO IT IS FOR

Operators who have completed an online forklift course or the theory portion of an in-house course.

PREREQUISITE

Forklift theory training completed before the session.
