

MEWP Operator Training & Certification

Onsite training that builds safe, competent and confident operators.

We come to you. Your operators train on your own scissor lifts and aerial lifts, at your site, on your schedule.

Why train with PWST

- Delivered at your workplace, on the equipment and systems your people actually use.
- Scheduled around your operation: days, evenings, midnights or weekends.
- Training is delivered onsite and tailored to your equipment, work environment and operating expectations.
- Digital diploma and wallet-size certificate issued for every successful participant.
- Training meets the operator training requirements of the Manitoba Workplace Safety and Health Regulation.

What your operators learn

- MEWP components, design and stability
- Operating controls, data plates, decals and manuals
- Battery power and safe fuelling
- Safe operating fundamentals at height
- Pre-shift inspections and handling emergencies
- Workplace safety and health legislation
- Hands-on evaluation and competency test

Course at a glance
