

Mobile Crane Operator Training & Certification

Onsite training that builds safe, competent and confident operators.

For mobile cranes with a rated capacity of 7,300 kg or less, trained at your site.

Why train with PWST

- Delivered at your workplace, on the equipment and systems your people actually use.
- Scheduled around your operation: days, evenings, midnights or weekends.
- Training is delivered onsite and tailored to your equipment, work environment and operating expectations.
- Digital diploma and wallet-size certificate issued for every successful participant.
- Training meets the operator training requirements of Part 23 (Cranes and Hoists) of the Manitoba Workplace Safety and Health Regulation.

What your operators learn

- Crane components, design and operating controls
- Capacity charts, decals and required manuals
- Proper handling of materials
- Setup, stability and safe operating fundamentals
- Pre-start inspections and handling emergencies
- Workplace safety and health legislation
- Hands-on evaluation and competency test

Course at a glance
