

Scaffold Safety Training & Certification

Onsite training for workers who erect, use and inspect scaffolds.

We come to you and train your crew at your site, on your schedule.

Why train with PWST

- Delivered at your workplace and tailored to the scaffolds your crew uses.
- Scheduled around your operation: days, evenings, midnights or weekends.
- Digital diploma and wallet-size certificate issued for every successful participant.
- Covers the requirements of Part 28 (Scaffolds and Other Elevated Work Platforms) of the Manitoba Workplace Safety and Health Regulation.

What your team learns

- Workplace safety and health requirements
- Risk evaluation and job hazard analysis
- Safe work procedures and control measures
- Basic scaffold requirements
- Foundations and support for scaffolds
- Employer responsibilities
- Scaffold inspections

Course at a glance
