

Telehandler Operator Training & Certification

Onsite training that builds safe, competent and confident operators.

We come to you. Your operators train on your own telehandlers, at your site, on your schedule.

Why train with PWST

- Delivered at your workplace, on the equipment and systems your people actually use.
- Scheduled around your operation: days, evenings, midnights or weekends.
- Training is delivered onsite and tailored to your equipment, work environment and operating expectations.
- Digital diploma and wallet-size certificate issued for every successful participant.
- Training meets the operator training requirements of Part 22 (Powered Mobile Equipment) of the Manitoba Workplace Safety and Health Regulation.

What your operators learn

- Telehandler components, design and stability
- Operating controls, data plates and load charts
- Handling loads and attachments
- Pre-start inspections and safe fuelling
- Handling emergencies
- Workplace safety and health legislation
- Hands-on evaluation and competency test

Course at a glance
