

WHMIS / GHS Training & Certification

Onsite training that builds safe, competent and confident workers.

We come to you, at your site, on your schedule.

Why train with PWST

- Delivered at your workplace and built around the hazardous products you use.
- Scheduled around your operation: days, evenings, midnights or weekends.
- Training is delivered onsite and covers the hazardous products used at your workplace.
- Digital diploma and wallet-size certificate issued for every successful participant.
- Training meets the worker education requirements of Part 35 (Workplace Hazardous Materials Information System) of the Manitoba Workplace Safety and Health Regulation.

What your workers learn

- How WHMIS works: hazard classes, pictograms and labels
- Reading labels and safety data sheets (SDSs)
- Identifying hazardous products in your workplace
- Responsibilities of employers, workers and suppliers
- Safe handling, storage and PPE
- Safe work procedures and emergencies

Course at a glance

LENGTH

Approximately 3 to 4 hours.

CERTIFICATION
