WHMIS Worker Education and Training

Onsite training that builds safe, competent and confident workers.

Current to the December 2025 WHMIS changes. We come to you, at your site, on your schedule.

Why train with PWST

- Delivered at your workplace and built around the hazardous products you use.
- Scheduled around your operation: days, evenings, midnights or weekends.
- Hands-on practical using your own labels and Safety Data Sheets.
- Each participant keeps a printed Participant Guide.
- Digital diploma and wallet-size certificate issued for every successful participant.
- Meets the worker education requirements of Part 35 (Workplace Hazardous Materials Information System) of the Manitoba Workplace Safety and Health Regulation.

What your workers learn

- What changed in WHMIS in December 2025, including the new chemicals under pressure class
- Hazard classes, pictograms and hazards with no pictogram
- Reading supplier and workplace labels, and decanting rules
- Finding answers fast on a Safety Data Sheet (SDS)
- Responsibilities of employers, workers and suppliers
- Safe handling, storage, PPE and what to do in a spill or exposure

Course at a glance

LENGTH
About 4 hours, including a written test and a hands-on practical.

CERTIFICATION
Valid for 1 year. Manitoba requires employers to review WHMIS training at least once a year.

WHO IT IS FOR
Workers who use, handle, store or work near hazardous products, and their supervisors.

GROUP SIZE
Up to 20 per session. A 5-person minimum charge.

WHERE
Winnipeg, Brandon, Steinbach, Thompson, Kenora and surrounding areas, and across Manitoba, Northwestern Ontario and Eastern Saskatchewan.

Group rates available. Call for a quote.
